REPORT OF SUPERINTENDENT OF SCHOOLS

To the School Board and Citizens of Warren:

I am pleased to present my third annual report as superintendent of the schools of Warren.

Year 1928-1929

Total enrollment—128
Schools in session—175 days
Cases of tardiness—435
Per cent of attendance—91.84
Visits by members of the Board—2
Visits by superintendent—196
Visits by school nurse—67
Visits by citizens and others—382
Cost per pupil in elementary schools—$66.49
Median for state in elementary schools $83.35

The Present Year, 1929-1930

Village grammar school, enrollment 28, teacher, Hazel B. Maynard; residence, Concord. Village intermediate, enrollment 38, teacher, Mrs. Helen K. Evans; Warren. Village primary school, enrollment 27, teacher, Natalie Smith; residence, East Haverhill. Glencliff school, enrollment 23,, teacher, Frances Benson; residence, Berlin. East Warren school, enrollment 11, teacher, Cadet teacher; Plymouth Normal School.
Total enrollment 127.

The figures in the above tables largely explain themselves. The excessive number of tardy marks is much to be regretted. I am sure a little more effort on the part of some of the parents and children would very materially lessen this number. It is interesting to note that our cost per pupils in the elementary schools is less than that of half the towns of the state. This is probably due to having so many of the pupils brought

together in one building. Further consolidating would undoubtedly result in more saving with no loss upon the part of the children.

Since last year a number of repairs and improvements have been made. Storm windows at East Warren have made that building more comfortable; while a modern jacketed heater, additional windows, and chemical toilets have bettered conditions at Glencliff. Adjustable desks and seats for Glencliff are the principal need this year.

Comfortable, well equipped, and attractive buildings are a great asset in any school system, but of far greater importance are the knowledge, habits, and ideals which the children receive from their schools. With our trained tecahers and school nurse I feel that there is much worth while work being done by our schools. This work can be further aided by the parents if they will see that the children are kept in the best possible physical condition. A proper diet, an abundance of fresh air, and plenty of sleep will do much to keep a child in good health.

Respectfully submitted,

EDWARD A. JANES,

Superintendent of Schools.
